

TOM OBANDE ONYANGO

Graduate Trainee Candidate | Information Technology | Digital Banking | Customer Onboarding

Nairobi, Kenya | 0794687383 | tb.obande@gmail.com | <https://obande.netlify.app> | www.linkedin.com/in/tom-brown-13811a1a8

PROFESSIONAL SUMMARY

Bachelor of Information Technology candidate at Kenyatta University, currently awaiting graduation, with 3+ years of hands-on project experience in full-stack development, data analysis, user onboarding, network support and technical troubleshooting. Practical exposure to digital customer journeys through a one-week web developer bootcamp engagement with mTek Insurance Broker. Interested in banking, financial technology, digital transformation, customer experience and data-driven service improvement.

CORE SKILLS

Technical: JavaScript, Python, Java, Next.js, React, SQL, NoSQL, Git, GitHub, API integration, responsive web design, data analysis and visualization

Business/Banking: customer onboarding, process improvement, requirements gathering, documentation, digital service delivery, customer experience and risk-aware data handling

Professional: communication, teamwork, analytical thinking, adaptability, attention to detail, problem solving and time management

PROFESSIONAL EXPERIENCE

Web Developer Bootcamp Participant / Trainee Developer | mTek Insurance Broker | Nairobi, Kenya | One-week engagement

- Supported development of website user onboarding, contributing to a smoother sign-up and customer information capture experience.
- Translated business requirements into user-facing web features in a fast-paced developer selection bootcamp environment.
- Gained exposure to digital insurance processes, customer journeys and clear, secure data capture.

IT Attache | Jaramogi Oginga Odinga University of Science and Technology | May 2024 - August 2024

- Configured and supported local area networks, improving office connectivity and day-to-day system access.
- Performed system updates, antivirus checks and software maintenance to support reliable computer operations.
- Provided end-user technical support by troubleshooting hardware, software and connectivity issues.
- Supported ICT team tasks requiring documentation, communication and timely resolution of service requests.

PROJECT EXPERIENCE

Full-Stack Web Applications and Digital Solutions | Personal and academic projects | Portfolio: <https://obande.netlify.app>

- Built and improved web applications using JavaScript, Next.js, Python, SQL and NoSQL, focusing on usability, data handling and clean interfaces.
- Developed features related to registration, onboarding, information capture and dashboard-style presentation of user data.
- Participated in hackathons and project-based development, designing and presenting solutions under time constraints.

Data Analysis and Visualization | IBM Data Science learning and practice | Certification-backed

- Applied data cleaning, analysis and visualization skills to interpret datasets and present insights clearly.

EDUCATION

Bachelor of Information Technology | Kenyatta University | 2021 - 2026 | Awaiting graduation

- Relevant areas: software development, databases, computer networks, information systems, data analysis and web technologies.
- Additional study: Japanese Language.

Kenya Certificate of Secondary Education | St. Mary's School, Yala | 2017 - 2021 | Grade B+

CERTIFICATIONS

IBM Data Science Practitioner | IBM Enterprise Design Thinking Practitioner
